

How to Create

The Joy of Organisation

With ORGA-LINE

 **blum**[®]

Whether you are in the planning stage of your new kitchen or have moved into your new kitchen and want to get more organised.

ORGA-LINE is Blum's answer to drawer organisation for our TANDEMBOX drawer systems. Designed with Blum quality and specifically manufactured to fit perfectly in your Blum TANDEMBOX drawers.

We can help with Blum's ORGA-LINE solutions that will make sure everything has its place and can be easily found when you need it.

1. ORGA-LINE for drawers (cutlery/utensils)

Pages 6 - 9

2. ORGA-LINE for pull-outs (deeper drawers)

Pages 10 - 13

3. ORGA-LINE Kitchen accessories

Pages 14 - 15

How To Measure

Storage needs are personal to you and your habits.

Think about how you use your kitchen and what you want close by to the different zones in your kitchen, identify the drawers purpose. This will determine what organisation is required. The Blum Zone planner can help @Blum.com/zoneplanner

There are two measurements you will need:

1. INTERNAL CABINET WIDTH

Note that this is the cabinet not the drawer.

To determine what configuration of the organisation options could fit inside your drawers, you will need to have your internal cabinet dimensions, this is done by measuring from the left hand internal cabinet side to the right hand internal cabinet side.

2. NOMINAL LENGTH

Next you need to define what Nominal length drawer side you have for your drawer, this is done by measuring from the back edge of your drawer front to the inside of the drawer back, as shown.

2. NOMINAL LENGTH TABLE

Inside drawer side measurement of 426 mm
= 450 mm **NOMINAL LENGTH**

Inside drawer side measurement of 476 mm
= 500 mm **NOMINAL LENGTH**

Inside drawer side measurement of 526 mm
= 550 mm **NOMINAL LENGTH**

Inside drawer side measurement of 626 mm
= 650 mm **NOMINAL LENGTH**

Tools required

To collect all of your measurements all you will need is a tape measure that has millimetre increments that can measure up to 1200mm wide as a maximum.

All cabinet widths can be recorded on the back page.

1. ORGA-LINE for drawers

Cutlery Container Sets

Only available in hygienic stainless steel that can be moved around as required. The containers are removable and dishwasher safe. Available in container, utensil dividers and combination sets.
