## Memo

i

Available in three colours

AVENTOS HF in dark grey

AVENTOS HS in light grey

AVENTOS HL in silk white

Single branding element for all lift system types. Consistent visual appearance to match AVENTOS HK top and HK-S

### AVENTOS HF, HS, HL with new cover cap design

The new cover cap design for AVENTOS is now available for the entire lift system family to promote a minimalist appearance. The new cover caps for AVENTOS HF, HS and HL are available in the colours silk white, light grey and dark grey - and in combination with the SERVO-DRIVE electrical motion technology.

With their linear design, the new cover caps are a perfect visual match for AVENTOS HK top and AVENTOS HK-S, allowing a uniform design to be implemented across all lift system types or living areas to create an aesthetic appearance throughout the home. Regardless of the lift system used, AVENTOS delivers top quality motion and enhanced ease of use.

# AVENTOS

## The new cover caps

### AVENTOS cover caps

- New design to match AVENTOS HK top and AVENTOS HK-S
- Cover caps available in silk white, light grey and dark grey
- Material: nylon
- One for all: the branding element can be used for every cover cap
