## COMPACT CLIP

Available August 1, 2022

### COMPACT CLIP features

- Utilizes our CLIP technology, so doors can be attached and removed tool-free
- Three-dimensional cam adjustment with directional arrows for easy and precise adjustability
- Same boring pattern as COMPACT BLUMOTION
- Deactivation switch for small/light doors
- Factory setting remains the same, after door removal and repeated attachment, significantly reducing final adjustment time
- Reduces the risk of stripped screws or damage to the face frame
- Pre-mounted screw for time-saving and precise installation
- Blum logo cover caps available

### Three-dimensional cam adjustment

- Height adjustment:  $\pm 5/64"$
- Side-to-side adjustment:  $\pm 1/16"$
- Depth adjustment:  $+3/32"$ – $-1/32"$

The pre-mounted screw uses a **#8 x 3/4" Phillips flat head, type 17** self-cutting point screw.

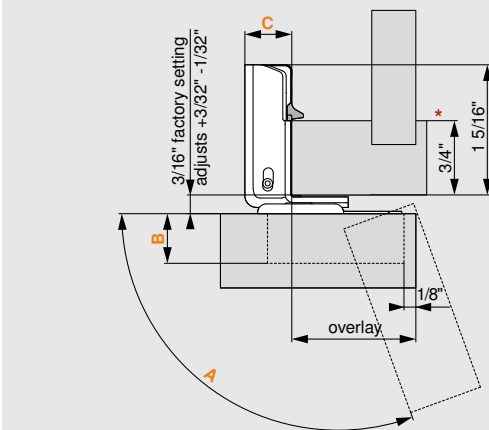

### Full overlay wraparound hinges

- 1", 1 1/4", 1 3/8", 1 1/2"

### Partial overlay wraparound hinges

- 3/8", 1/2", 5/8", 3/4"

### Dimensions

\*Actual wraparound dimension is 19.4mm

Hinge	A: opening angle	B: cup depth	C: hinge protrusion	Minimum reveal for 3/4" door
31C3 full overlay	110°	1/2"	15/32"	7/32"
30C2 partial overlay	105°	7/16"	17/32"	9/32"
