Hinges in onyx black

www.blum.com

It’s not just design, it’s style!

Dark furniture radiates sleek elegance – inside and out. CLIP top BLUMOTION in onyx black discreetly complements furniture and creates visual impact. It gives you greater scope for designing fine furniture without compromising on form.

Proven CLIP top BLUMOTION quality

The secret‘s inside! Innovative technology within the smallest space
Impeccable, clock-like precision. Integrated BLUMOTION is innovative technology at its best. Delivering soft and effortless closing to cabinet doors.

Inspiring quality of motion for every door
The closing mechanism and BLUMOTION feature work in harmony so that every door (no matter how small or light) closes with a gentle push.

Even small doors close softly and effortlessly
The BLUMOTION feature can be deactivated to ensure that even smaller or lighter doors boast top quality motion.

Our dark hinges give you even more creative freedom when designing your furniture.

Create seamless integration or visual impact. The hinge system in onyx black gives you countless possibilities.

CLIP top in onyx black allows you to elegantly combine different materials such as aluminium and wood.

CLIP top BLUMOTION 110°
standard applications

Our range at a glance

Our wide range of Blum hinges in onyx black offers the right solution for almost every application. It allows you to turn your design ideas into reality – be it elegant sideboards with thin doors or glass display cabinets.
