Proven CLIP top BLUMOTION quality

The secret's inside: Innovative technology within the smallest space

Clockwork precision – BLUMOTION integrated into the hinge boss is a technically refined solution, providing silent and effortless closing for furniture doors.

Inspiring quality of motion for every door

Thanks to the ideal interplay of the closing mechanism and BLUMOTION, a gentle push is all that's required for closing, even for small and light doors.

Silent and effortless closing action even with smaller doors

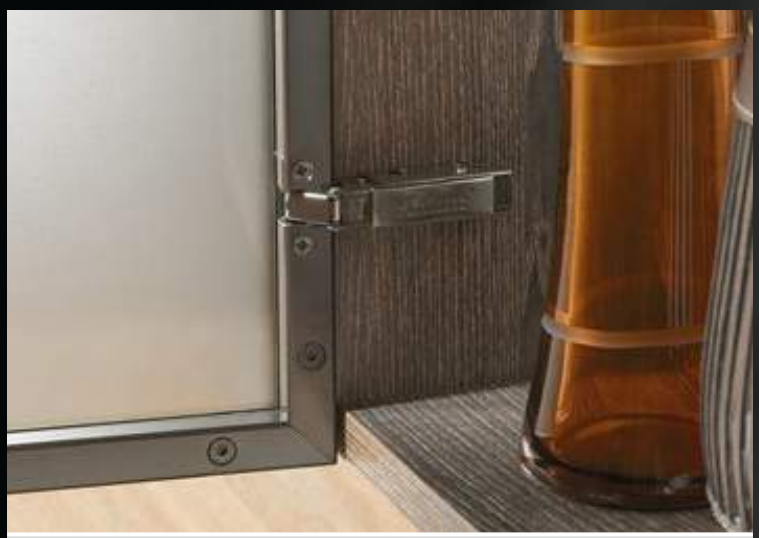

For high quality of motion with small or light doors, the BLUMOTION function can be easily deactivated when required.

Easy opening, good access, consistent design in the cabinet interior, with CLIP top BLUMOTION in onyx black for wide angled applications.

Blind corner applications are also easy to implement with the dark version of CLIP top BLUMOTION.

Whether wide or narrow alu frames, CLIP top in onyx black allows different materials to be combined.
