

TANDEMBOX plus BLUMOTION for 30/50/65 kg runners

PRODUCT
MEMO

blum

TANDEMBOX plus is a versatile system which has proven its worth for many years. The product line is characterised by round gallery rails. The containers can be complemented with different sides – called “Boxsides” – or with a double gallery rail. TANDEMBOX plus, ranging from simple drawers to extra-wide pull-outs, has always been a source of inspiration due to its great diversity and versatility of applications. It comes with a dynamic load bearing from 30 kg, 50 kg and 65 kg.

High quality of motion

An additional dampening element ensures effortless stopping when opening. Thanks to the adaptable BLUMOTION, closing is always silent and effortless.

Technology that outperforms

Proven runner quality

An additional support roller provides extra levels of safety and creates high runner quality even for top-heavy situations.

Impressive carrying capacity

The 65 kg load bearing option was specially designed for wide and extra deep applications.

The advantages of a 65 kg load capacity

- Oversized pull-out elements can be used
- Silent and effortless closing action thanks to the adaptable BLUMOTION
- Silent opening
- Additional support roller

Load bearing and drawer width
